

LEARN-TO-CURL TEAM BUILDING EVENTS

at the
WAUSAU CURLING CLUB

Learning to curl has become a popular team-building event for groups and companies throughout central Wisconsin.

The Wausau Curling Club is happy to host your group for a private learn-to-curl session during our season (mid-October to mid-March).

Events can be scheduled weekdays, weeknights, or Saturdays, pending ice availability. We can accommodate groups of nearly any size.

To learn more, contact us at
CurlWithUs@WausauCurling.org

Curling is a sport that can be enjoyed by players of all ages. At the Wausau Curling Club, we have members ranging in age from 8 to 80 years old.

All participants will learn the basics of safely getting a rock from one end to the other, sweeping, and scoring. We will then play a few "ends" of curling to simulate match play.

Hospitality and camaraderie are an important part of curling, so our facility features a large hospitality area. We will discuss whether food and refreshments are part of your plans.

If any participants have difficulty bending down, we can instruct them using a stick delivery. The stick has extended curling careers by decades, and they are regularly used in leagues and tournaments.

All necessary curling equipment will be provided by the club.
